THE TWENTY-FIRST
ANNUAL REPORT OF
TOC H

1941

This NOTICE hangs in TOC H SERVICES CLUBS

TOC H SERVICES CLUB

This is a Club, not only a Canteen although one is always open. So use it like your own home and help look after it. Toc H stands for Friendship and Service. We hope you will find this a cheerful place where people help each other.

Toc H is a family whose members believe that the Christian faith is meant to be lived all the week, not just preached on Sunday. They don't claim to be good. They claim only to be triers.

Talbot House (T H pronounced Toc H) was a soldiers' club, 1915-1918, at Poperinghe in Flanders. Now Toc H is round the world. Wherever you meet it, greet it and expect to be welcomed.

ANNUAL REPORT

IN comparison with reports of former years this one must be brief. It will be confined to a few statements of fact and a short, but comprehensive, glance ahead.

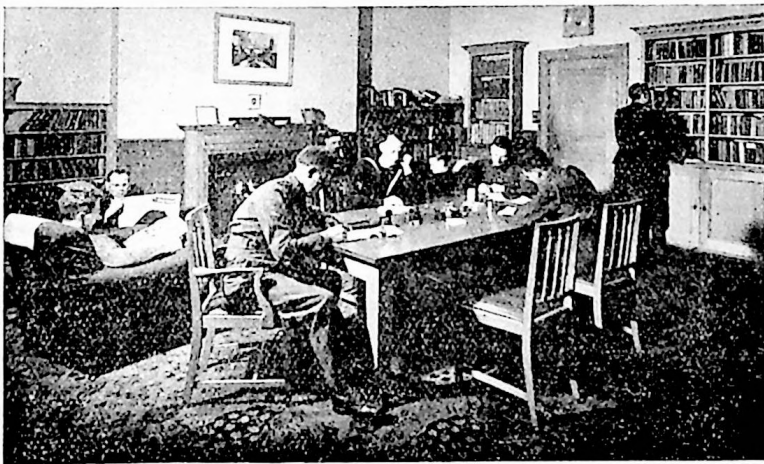

Toc H Staff Men in Germany

The gratitude of all Toc H members is due to Lieut.-Colonel B. H. Bonham-Carter, R. R. Calkin, H. R. Pilcher, R. H. Staton, and the Rev. Austin Williams, for the fine example and inspiration set by them in sticking to their Toc H jobs and working hard for streams of refugees, while the enemy was overrunning France. They were made Prisoners of War at the end of May and sent to Prison Camps in Germany. According to latest advices, they are all at Ilag VIII, Tost bei Gleiwitz, and as well and happy as circumstances allow.

War Work Overseas

This began with the establishment at Lille of Mark I B.E.F. in France in March, 1940, followed by Mark II at Rouen, and Mark III at Douai. Three more were in course of formation when France capitulated. Of nine Staff men then serving with these Houses, the four who happened at the time to be based on Rouen were evacuated by the Military Authorities and ultimately reached home safely. In November a House was opened at Reykjavik, Iceland, followed by one at Alexandria. Both these Houses are serving their purpose well, and reports of them are, in every way, excellent. Geoffrey Johnson and Alec Churcher are in charge of the former, and Padre Owen Williams of New Zealand is taking over the latter. A House in Cairo, with Alan Cowling in charge, was opened in February, and two new Houses at Malta, where great work is being done, at the beginning of the year. Against these new and inspiring efforts, however, must be set the sad fact of the destruction by enemy action of Harington House at Gibraltar, which occurred in September. Services Clubs are being financed and operated by Toc H in Africa, Australia, Canada, India, New Zealand, etc.

War Work at Home

Service men enjoy a quiet room in a Toc H Services Club

Toc H has 300 Services Clubs in Great Britain. They vary in category between those operated under the direct control of Headquarters, of which there are fifteen, and those governed by an independent Town's Committee but affiliated to Toc H. Many of these are run by Toc H units on their own financial responsibility. There is general report that the Clubs

satisfy a real need and that members of the Forces fully appreciate their distinctive qualities (see inside cover of this report). The destruction of the Clubs at Coventry and Portsmouth is already known. The former was run as a clearing house for industrial workers drafted into the City by the Ministry of Labour, while the latter was used principally by naval ratings, and has already been replaced. Many other clubs and Marks have been damaged, but no casualties have been suffered either by guests, helpers, or Toc H Staff.

An expression of gratitude both to the B.B.C. and to Brigadier Sir Colin Jardine must be recorded for the excellent broadcast appeal made on August 4th, the proceeds of which provided the wherewithal for many pieces of work which otherwise would have been beyond the resources of the War Services Fund.

Talbot House, Poperinghe

While information with regard to the fate of the Old House has been conflicting, it is regretfully considered that there is little ground for belief that it has escaped destruction.

Orkney

The work at Orkney has continued and has grown in spite of difficult conditions. Tubby has remained in charge, but has made three visits to London and the South, and one visit to Iceland.

All Hallows, Barking-by-the-Tower, Guild Church of Toc H

Tubby's last visit to London was occasioned by the partial destruction of All Hallows by enemy action on December 8. While he was in London, its destruction was, unhappily, completed during the air raid of the night of December 29, of which detailed reports have appeared in the JOURNAL. Toc H members all over the world will have learned with grief (mixed perhaps, with some small measure of pride, if such things *must* be) that their Guild Church stood in the front line and suffered destruction of its stone and mortar at the hands of its enemy. Plans for its restoration are already afoot.

The Marks

During the period under review, Mark III and Pierhead House, both in London, have been closed. Apart from these, the Marks, while functioning as in peacetime, are, in many ways, being put to special wartime use. Some have served to house men on arrival from overseas, who have come home to volunteer for service with the Forces; others have housed men of allied Forces, and many continue to meet the needs of Officer Cadets.

Seafaring Boys' Club

Owing to changed circumstances, the Talbot House Seafaring Boys' Club, unable to pursue its peacetime function, now houses each night a varying number of naval ratings on draft. Its work, in this connection, is greatly appreciated, both by the appropriate authorities and by the men.

Organisation and Staff

The heavy reduction in paid Staff which took place during the period of the previous Report has accomplished the economic purpose then held in view. Since then, peace-

time Staff has been still further depleted by those of its members, numbering six, whose activities are restricted to those of Warden of some of the larger Services Clubs. It is considered that no further sacrifices of this kind can be made without affecting the quality of Toc H membership, upon which all its efforts, including War Services, rely; that in order that it may be true to itself, effective in its work during wartime, and capable of absorbing members and potential members who will one day come back from the Wars, the peacetime organisation and Staff should now be gradually strengthened. This does not mean that the lines upon which Toc H is now organised must not, at any time, be varied, but, if any such variation is later contemplated, a strong and understanding Staff will, in all probability, be required in order to effect the change. The improvement in the financial situation of Toc H Incorporated, brought about by decisions of the Central Executive reached during the period of the previous Report, now permits contemplation of the strengthening of Area Staff, as and where necessary.

Overseas

The efforts of Toc H in the Dominions are reflected in the establishment of the Services Clubs detailed in a previous paragraph, but in addition mention must be made of the tremendous help afforded by Toc H Australia and New Zealand, who, between them, are supplying, in person and finance, a Padre-Warden for the House recently opened in Alexandria.

Some Special Gifts

Among valuable and sustained remittances from Southern India, a donation from the Maharajah of Mysore should be gratefully acknowledged here. Further, Toc H

Orkney has benefited by generous subscriptions from many quarters to which it has made separate appeal. Among these can be mentioned the Pilgrim Trust, Allied War Relief Fund, Viceroy's Fund (India), and the Canadian Red Cross. Since receipt of these funds, it has been arranged that, in order to avoid the impression that there is more than the one single effort forming the Society known as Toc H, appeal shall be made only for the duly constituted Toc H War Services Fund, though donations may, of course, be earmarked for any particular work or Club which a donor may wish to support. From the Argentine a further donation of £500 from the British Patriotic Fund has been received.

British War Relief Society

Mrs. Rex Benson (British War Relief Society) unveiling an inscription in the 'Toc H Services Club of America' at Plymouth, February 1, 1941

Finally, Toc H would wish to record its deep gratitude for the very generous help, understanding, and encouragement received from the British War Relief Society of New York, summed up in a monthly donation of 5,000 dollars (say £1,200) for such a period as may be determined by conditions; this is in addition to gifts already totalling £2,500.

War Effort

While the valuable contributions to the Toc H War Services Fund mentioned in previous paragraphs must be most gratefully acknowledged, the demand for the services of Toc H does not lessen; indeed, there is a strong indication that it will soon have to face fresh and possibly yet more costly calls upon it. It will, therefore, be necessary to intensify the appeal for funds in order that Toc H may be in a position to cope with the needs of the days to come.

"Elder Brethren"

By the deaths of General Sir Charles Harington on October 22, of Lord Baden Powell on January 8 and of Viscount Wakefield of Hythe on January 15, Toc H suffered the loss of three of its Presidents. 'Tim' Harington served Toc H wholeheartedly from its early days in Flanders, and in Yorkshire, in India and in Gibraltar;

he was a member of the Central Executive and of the Services Advisory Committee. The Chief Scout found much in common between his great movement and our own. Lord Wakefield gave and endowed the original Talbot House in Poperinghe for Toc H in 1929 and was a generous friend to the movement since then.

On January 14 William J. Musters died suddenly. As Registrar for twenty-one years, he was the senior member of the Toc H staff, and the movement from its earliest days owed much to his untiring work.

The loss of these old friends of Toc H is a matter of deep regret and their places will not easily be filled.

' Accounts

The Accounts for the year ended 31st October, 1940, are divided (a) Toc H Incorporated Accounts, and (b) Toc H War Services Fund Accounts, the latter being administered as a separate fund under the War Charities Act, 1940.

Toc H Incorporated Accounts

The Income and Expenditure Account shows an excess of Expenditure over Income amounting to £579 17s. 4d. against £1,203 19s. 11d. for the previous year.

Income

The reduction in the total ordinary income of £5,782 was due to a general decrease in Membership Subscriptions, Unit Contributions, Builders' Subscriptions and Donations. Much of this income has been diverted to War Services Fund at the wish of the donors and many units have made special efforts to raise money for the War Chest, which would normally have gone to the general funds as Unit Contributions. The War Chest Scheme was intended to contact new sources of revenue and there is no doubt that its present scope can be widely extended. The Units have done extremely well this year, in spite of the fact that a large part of the membership of Toc H is now serving with H.M. Forces and, consequently, Unit strength is much below par. It is hoped that friends, Members and Units will do their utmost to maintain and, where possible, increase their subscriptions during the current year.

During the whole of the year the permanent staff has been employed mainly on the War work which Toc H has undertaken and which is growing daily. It has, therefore, been necessary to charge a proportion of their salaries and wages, totalling £5,113 os. 7d. to the War Services Fund and this amount has been credited to General Funds, out of which the salaries were paid.

Expenditure

It will be seen that the total ordinary Expenditure has been substantially reduced and this is accounted for mainly by the reduction in staff at the outbreak of war and

the consequent drop in Salaries, Wages and Travelling Expenses. The net saving of £5,001 is made up as follows:—

Reduction in Expenditure:

Salaries, Wages and Travelling Expenses	...	£7,129
Other expenses	1,973
		<hr/>
		£9,102

Less Increased Expenditure:

Depreciation of Properties	...	£3,877
Staff Pensions Premiums	224
		<hr/>
		£4,101
		<hr/>
		<u>£5,001</u>

Marks

The Marks show an excess of Expenditure over Income of £3,998, after making an adequate reserve for upkeep of properties. It will be observed that the total income has fallen by £5,902 owing to a large reduction in the number of Hostellers, due to military service and evacuation, especially in London Marks.

The Marks offer friendship and great opportunities of service to men of all ages and their function and facilities should be made known more widely by members.

War Services Fund Accounts

The Income and Expenditure Account has been divided into two parts. Part I shows income from Appeal and expenses incurred in raising and administering the Fund, together with the cost of Toc H with the B.E.F. in France and grants to Clubs not directly controlled by Headquarters. Part II is a consolidated statement of income and expenditure in connection with the establishment and maintenance of Toc H Services Clubs directly controlled by Toc H Headquarters; it is sub-divided into two Sections showing (a) the running costs of the Clubs and income received from Canteens, etc., and (b) the cost of equipment and Donations received for that specific purpose. The balance of £3,579 17s. 9d., being the net cost of equipping and maintaining the Clubs, has been charged against the income from the general War Services Appeal.

There was a balance of £9,265 unexpended at 31st October, 1940, on the War Services Fund but our commitments for 1941 are much in excess of this sum and we urgently need the support of our friends to enable us to meet the growing demands which are inevitable if we are to continue and extend our work for His Majesty's Forces.

LEGACIES

Legacies form a most valuable proportion of the income of many voluntary organisations, and to a limited extent Toc H has already benefited from this source. If the number of legacies could be increased the work of Toc H could be largely secured in perpetuity. The following Form of Bequest is recommended for incorporation in a Will.

Form of Bequest

I give unto TOC H INCORPORATED, the Registered Office of which is 47, Francis Street, London, S.W.1, the sum of.....Pounds Sterling, free of Duty. And I direct that the receipt of the Treasurer of the said Corporation shall be a sufficient discharge for the Legacy, which is to be applied for the general purposes of the said Corporation.

NOTE.—The will or codicil giving a Bequest must be signed by the Testator or Testatrix in the presence of two witnesses, who must be present at the same time, and must subscribe their names in his or her presence and in the presence of each other.

Friends who have already made their Wills are asked to consider making a simple Codicil leaving a bequest to Toc H. Friends and members of small means should feel that any bequest, however small, which they can make is of real value in the future of Toc H.

TOC H BUILDERS

Those friends who find themselves unable to take an active part in Toc H and yet wish to support the movement to the best of their ability, become Toc H BUILDERS, subscribing annually, quarterly or monthly, any amount they feel to be within their means. They are kept in touch with progress by receiving a copy of the Toc H JOURNAL monthly, if they so wish. A form of enrolment as a Toc H Builder will be supplied on application to any Area Office of Toc H or to Headquarters.

ENDOWED MEMORIAL CHAPLAINCIES

Certain endowments have been given to Toc H from time to time to establish, in whole or in part, ten Anglican Chaplaincies. There is the Chaplaincy, which is to be named after Philip Clayton, given by Miss A. M. Alexander; the Oswin Creighton Chaplaincy, given by Miss Jean Alexander. Mrs. Tetley gave the Henry Tetley Chaplaincy and the Herbert Fleming Chaplaincy. There is the Hull Chaplaincy given by Colonel W. H. Carver; the William Grumble Groves Chaplaincy, given by his son, H. Leigh Groves; the Murray Smith Chaplaincy, given by Mrs. Reginald Smith and her sisters; the Sibell Mary Grosvenor Chaplaincy, given by the Duke of Westminster; and the Gladstone Chaplaincy, given by the Dowager Lady Gladstone of Hawarden, for Liverpool. In addition there will be the Hewitt Chaplaincy, financed by a gift of land by Miss Hewitt, to which an appointment will be made as soon as the income suffices.

For oversea work there is the Edwin Wright Chaplaincy (South Australia), given anonymously, and the Harry Ellison Chaplaincy, given by his relations and friends.

Besides these, part of the income derived from the Toc H All Hallows Trust is used to provide the Toc H All Hallows Chaplaincy. The Derby Chaplaincy was made possible by certain substantial gifts, but a further £7,000 is required to ensure the permanency of this post.

LIST OF SUBSCRIBERS : A NOTE

For the second time in the history of Toc H we are omitting this year the detailed list of the names of those who have so generously supported the movement as donors and builders. This step has not been taken lightly. We trust that none of our subscribers will think that it implies any lack of gratitude to those who have stood by us or any failure to realize our debt to them.

We believe that, could we consult them, they would be the first to wish that we should take this course. By so doing we not only save for the immediate war needs of Toc H the considerable cost of setting up and printing a list which now runs, we are happy to say, to some two dozen pages of close type, but we also, with the aid of other omissions, reduce the total size of the report, and consequently the paper required for it, of about half its normal peace-time size. We believe that this saving of paper is one which in present conditions ought to be made, and that our action will be generally approved.

THE OBJECTS OF TOC H

The aims of Toc H are thus set forth in its Royal Charter of Incorporation:—

- (1) To preserve amongst men and to transmit to future generations, the traditions of fellowship and service manifested by all ranks during the Great War, thereby encouraging its members, through the common Christian life of the family, to seek God, and helping them to find His Will and to do it.
- (2) To encourage amongst the members of the Association the desire to perform, and to facilitate the performance of, all kinds of social service as between and for the benefit of all ranks of society.
- (3) To promote among all people a wide human interest in the lives and needs of their fellows and to foster in every man a sense of responsibility for the well-being of his fellow man.
- (4) To mitigate by habit of mind and word and deed the evils of class consciousness and to endeavour to create a body of public opinion free of all social antagonisms.

THE FOUR POINTS OF THE COMPASS

A statement of the aims of Toc H, originally drawn up in 1920, and revised in 1936.

I. FELLOWSHIP—"To Love Widely"

To found and maintain throughout the world Groups, Branches and Houses for the fostering of a true spirit of understanding between man and man.

The members thus brought together meet regularly as a family, sharing in the common ways of life and exhibiting by the diversity of their origin, occupation and outlook a spirit of reconciliation between men of all kinds.

Members are called upon—

To foster a wide human interest in the lives and needs of their fellows.

To welcome and to seek the well-being of those commended to their friendship.

To lessen by habit of thought, word and deed the prejudices which separate men.

II. SERVICE—"To Build Bravely"

To make of these Groups, Branches and Houses centres from which men of all conditions may serve their fellows. Their task is not to compete with existing organisations but to supplement and reinforce them.

Members are called upon—

To give personal service.

To study local and international conditions and their effect on men's lives.

To challenge their generation to seek the Will of Christ in the solution of all problems.

As one means to this end, to make possible a Staff which shall serve the movement as a whole in its world-wide adventure for the Kingdom of God.

III. FAIRMINDEDNESS—"To Think Fairly"

To bring the expert to the unit, hearing him and asking him questions; to listen hospitably and humbly to everyman's story, and to help the truth to prevail.

Members are called upon—

To find their own convictions, to influence the formation of public opinion, and thus to replace social and racial antagonisms by intelligent understanding.

IV. THE KINGDOM OF GOD—"To Witness Humbly"

To spread the Gospel without preaching it.

Members are called upon—

To recognise the spiritual nature of Man, and to demonstrate that a life of Fellowship, Service and Fairmindedness bears better witness than any spoken word.

TOC H LEAGUE OF WOMEN HELPERS

The Toc H League of Women Helpers, founded in 1922, is organised on very similar lines to Toc H, shares the same spirit and is pledged to the same aims. It is a sister society, with its own constitution and government, working alongside Toc H at home and overseas; its membership and its service is among women as that of Toc H is among men. Its patroness is Her Majesty the Queen. All information can be obtained from the General Secretary, L.W.H., Crutched Friars House, London, E.C.3.
